In re: Media Press Release
Cruise v. Minard
U.S. District Court, E.D. Michigan
Case No: 18-cv-11169
Hon. Judge Paul D. Borman

To whom it may concern:

We certainly appreciate all the requests for interviews about the above-captioned matter and recent opinion of the federal Sixth Circuit Court of Appeals affirming the district court's denial of qualified immunity. Nevertheless, out of due respect for the presiding judge, the parties, and opposing counsel, we must decline at this time to discuss the matter publicly because the litigation continues. We are, however, pleased with the decisions by the appellate court and district court. Both applied the applicable law correctly deciding the qualified immunity issue.

Very truly yours,

Hammad A. Khan, Esq.
